InfoSec World 2020 Has Been Rescheduled

New Date & Location:

June 22-24, 2020 | Disney's Coronado Springs Resort

NEW YORK, NY, March 13, 2020 — As the spread of COVID-19 has continued, it has become necessary to postpone the upcoming InfoSec World Conference and Expo. The 2020 InfoSec World Conference & Expo has been rescheduled to June 22-24 at Disney's Coronado Springs Resort, with pre- and post-conference summits and workshops on June 20, 21 and 25.

“We're grateful for the patience and support of our attendees, speakers and sponsors, as well as to our partners at Disney. Postponing the event allows us to retain the world-class agenda of speakers and panelists and the rich and diverse expo of dedicated sponsors we have assembled for our attendees,” said John Whelan, President of SC Media and InfoSec World. “InfoSec World would not be where it is today without the participation and input of each one of you. Thank you for remaining loyal partners with us as we tackle these new challenges and guiding us on how to best serve you.”

InfoSec World participants will be updated with information and next steps via email. If there are immediate questions, please contact InfoSec World directly at customerservice@infosecworldusa.com.

About InfoSec World Conference and Expo

For over 25 years, information security professionals have recognized InfoSec World Conference and Expo as “The Business of Security” conference. Now produced by CyberRisk Alliance, InfoSec World assembles information security professionals from every market and field of study around the world by providing high-quality distinctive content, training, peer networking and engagement with leading technology and service companies. For more information, visit infosecworldusa.com.

About CyberRisk Alliance: CyberRisk Alliance is a business intelligence company founded by Doug Manoni and Growth Catalyst Partners in November 2018 to serve the high-growth, rapidly evolving cybersecurity and information risk management marketplace. The company comprises a diversified portfolio of business information products and services with a shared mission of informing, educating and training business professionals, while building community and facilitating commerce. The company is pursuing an aggressive growth strategy through organic product development and targeted acquisitions and partnerships. Led by a collaborative and accomplished team of entrepreneurs, operators and investors, CRA's portfolio currently includes SC Media, InfoSec World Conference and Expo, Security Leadership Exchanges, Cybersecurity Collaboration Forum and Cybersecurity Collaborative.
