## RiskSec DIGITAL to Challenge Cybersecurity Thinking with an Elite Roster of Security Leaders

September 16-17 event promises first-rate conversation in a fast-paced interactive format

New York, NY, August 25, 2020 – [CyberRisk Alliance \(CRA\)](#), a business intelligence company serving the cybersecurity and information risk management marketplace, today announced the addition of Estonian Ambassador to the United States Jonatan Vsevirov to the all-star agenda for [RiskSec DIGITAL](#), the flagship cybersecurity conference from CRA's SC Media.

Held over two mornings (September 16-17), RiskSec DIGITAL will feature a distinguished faculty of speakers, including a keynote conversation with Ambassador Vsevirov, who played a leading role in shaping Estonia's defense policy both domestically and internationally and was a key player in the dealing with the 2007 cyber-attacks on Estonia. He will be joined by over 20 industry leaders including LinkedIn CISO Geoff Belknap; Microsoft VP & GM Global Security, Risk & Compliance for Azure, Edna Conway; Unilever Global CISO Bobby Ford; Amazon Web Services Principal Security Architect Merritt Baer; Box Global Chief Security Officer Lakshmi Hanspal; and Gusto CSO Fredrick "Flee" Lee.

RiskSec DIGITAL promises to inspire a reappraisal of the information risk management strategies deployed by organizations of all kinds. Under the theme, **Resilient Thinking in an Unpredictable World**, the conference will focus on pushing the boundaries of cybersecurity in creating a resilient framework within business ecosystems. The [robust agenda](#) explores the mindset shift necessary for cybersecurity professionals and features future-focused innovation being deployed by leading institutions as they build out their detection and protection strategies.

The conference program will be delivered through a fast-paced, conversational format combining panel discussions, in-depth case studies, solution-based demo sessions and interactive live Q&A. Attendees can expect a program that challenges current perspectives, exchanges new ideas and best practices, and looks at what can be done now to prepare for a resilient future together.

The RiskSec DIGITAL program has been developed exclusively for cybersecurity leaders and aspiring leaders. To join this unparalleled faculty of leaders and thinkers, reserve your spot today at [riskseconference.com](http://riskseconference.com).

## About SC Media

[SC Media](#) is cybersecurity. We've lived it for 30 years arming information security professionals with the in-depth, unbiased business and technical information they need to tackle the countless security challenges they face and establish risk management and compliance postures that underpin overall business strategies. We deliver breaking news, comprehensive analysis, cutting-edge features, contributions from thought leaders, and the best, most extensive collection of product reviews in the business.

## About CyberRisk Alliance

CyberRisk Alliance is a business intelligence company serving the cybersecurity community. Our mission is to provide the knowledge and insight needed to navigate today's complex security landscape, and to support and empower the industry's leaders. Our trusted information leverages a unique network of journalists, analysts and influencers, policymakers and practitioners, and is delivered through events, research, media, and virtual learning. Our brands include SC Media and InfoSec World, our research unit CRA Business Intelligence, and peer-to-peer CISO networks Cybersecurity Collaborative and Cybersecurity Collaboration Forum. CRA's integrated services offer industry technology and service providers uniquely high value marketing solutions. More information is available at [CyberRiskAlliance.com](https://CyberRiskAlliance.com).
